

The Cheyenne & Arapaho tribes Health Board is launching a new public service campaign aimed at reducing Meth use within the tribal community, ‘Meth, Not on Our Land.’

“The tribal chiefs expressed concerns to Governor Hamilton about problems caused by Meth in our communities,” Mary Beaver, lead project officer for the campaign, said. “So the governor approached the health board and we have been holding meetings a few months now about how we are going to reach the community. Meth is affecting young people, our families and our people.”

Methamphetamine (meth), also called speed, crank, crystal, ice is a synthetic stimulant with a high potential for abuse and addiction. Meth that is produced in small “cook houses” appears as white, odorless powder that can be swallowed, snorted, injected or smoked. The more pure form of meth is hydrochloride, which is in crystallized form and manufactured in large laboratories. Other names for meth include speed, tweak, crank,

crystal and ice.

Meth directly impacts not only the user and their immediate family, but entire communities. The health of the user, as well as anyone around a person who uses meth, is exposed to harmful toxins, which are absorbed into the ground and other surroundings. In addition to environmental hazards, meth use is also directly related to increased crime rates.

Initial use of meth may produce high energy, greater stamina and a euphoric rush. Because meth enhances mood and energy level by increased dopamine production in the beginning stages of use, it can be extremely addictive. Meth is usually inexpensive and easily accessible. Other reasons that have been cited for beginning use of the drug include the ability to work longer hours, weight loss and increased sexual endurance.

The reality of meth is that it can quickly cause mood changes, depression, increased heart rate and anorexia in a short time. Over longer periods of abuse, meth can cause chronic fatigue, para-

noia, tooth loss, malnutrition, skin disorders and ulcers. The release of dopamine also becomes limited with continued use by limiting regrowth of nerve endings.

Meth use has increased up 50 percent on some rural Indian reservations. In the last two years, about a quarter of the babies born on the San Carlos Apache Indian Reservation in Arizona tested positive for methamphetamine. The Navajo Nation has seen a doubling of methamphetamine use on the reservation over the last five years. And on the Wind River Indian Reservation in Wyoming, assaults and criminal charges for drug possession tripled, thefts doubled and reported incidents of child abuse increased by 85 percent between 2010 and 2011.

The goal of the ‘Meth, Not on Our Land’ campaign is to arm teens and adults with the facts about methamphetamine so that they can make well-informed decisions and know the signs of someone using meth in order to get help for friends and family members.

Comedy film ‘More Than Fry Bread’ hits the screen in OKC

On Dec. 12, 2014 director, Travis Holt Hamilton presented his comedy film, *More Than The Fry Bread* for Oklahomans to enjoy at the Paramount in Oklahoma City.

The story line is about a fictional fry bread

competition held in New York among Arizona’s 22 tribes.

“I have journeyed across Native America and when it comes to fry bread, a lot of my friends claim their tribe or grandma makes the best fry bread,” Hamilton said.

Featuring an all Native American cast, *More Than Fry Bread* portrays 22 fry bread makers, representing all 22 federally recognized tribes in Arizona. The group gathers in Flagstaff to compete for the made-up first annual Arizona State Fry Bread Championship.

“So, we thought, let’s kind of play that up and have a competition,” Hamilton said. “The comedy film follows four of the contestants as they battle their way to compete for the title in the championship round.”

Fry bread came into being in the late 1800s when most Native Americans had been deprived of their traditional livelihoods by the U.S. government. Tribal people were destitute and learned how to make an edible staple from the flour, salt, vegetable oil and baking powder handed out by the Army.

Hamilton said his inspiration for making the film came after spending time living on the Navajo reservation.

“I want to help tell the stories that are out

there,” Hamilton said. “I wanted to make people see Natives differently than maybe they do when watching *Dances with Wolves*, or something that is a little more stereotypical of Native America.”

For the 90-minute film, Hamilton decided on seasoned actors, comedians and musicians for the lead roles played by Teresa M. Choyguha, Tohono O’odham, twin sisters, Dey and Nite Gomez, Arapaho, Jennifer Joseph, Hopi, Tatanka Means, Navajo, Lakota, and Camile Nighthorse, Haulapai.

Hamilton is an award winning producer and director best known for his films, *Turquoise Rose* (2007), *Pete and Celo* (2010) and *More Than Fry Bread* (2010). In January 2015 Hamilton’s new hit movie *Legends of the Sky* will be at the Harkins Theater in Oklahoma City’s Bricktown.

Christmas surprises for tribal families

By Rosemary Stephens
Editor-in-Chief

On Dec. 23, 2014 volunteers picked up sacks of Christmas presents, an envelope containing a \$100 crisp dollar bill and headed out to surprise 60 tribal families for Christmas.

Cheyenne & Arapaho tribal employees donated over \$7,200 and hundreds of gifts to surprise families who needed a “little extra” help this Christmas Season.

Tribal employees submitted nominations for the families who would receive the gifts and money to the Department of Administration, where they were reviewed and 60 families chosen.

Staff volunteers wrapped each gift, inserted \$100 dollar bills into the Christmas cards and then headed out to unsuspecting tribal families ranging from Canton all the way to Oklahoma City.

Executive Office of the Governor
100 Red Moon Circle
Concho, Oklahoma 73022

Dear Lt. Governor Sankey,
As you know, there was a recall petition taken out on you on Aug. 7, 2014. The petition was due back to the Election Commission by Dec. 8, 2014, for verification and certification. As you also are aware, the recall petition was not returned to the Election Commission by that date.
As of the date of this notice, that petition still has not been turned into our offices. This notice satisfies the requirements set forth under Article VI, Section 6.6(B) of the Cheyenne & Arapaho Tribal Election Law (“Election Law”), and the Commission issues the following findings in accordance therewith:

If you have any questions, please do not hesitate to contact the office.

Sincerely,
Sandra Hinshaw
Vice-Chairman & C-1 Commissioner

NOTICE OF RECALL OF C-3 LEGISLATOR MR. CHEEVERS HEAP OF BIRDS.

I, Charles E. Fletcher, a tribal member of the Cheyenne & Arapaho Tribes of Oklahoma who resides in Clinton, Oklahoma have decided after long discussions with district C-3 community members to recall C-3 Legislator Mr. Cheever’s Heap of Birds. I do this based on his inability to communicate with his C-3 constituents who reside in this district.

During his term he has failed to conduct community meetings to inform us of the events of the current tribal administration and has failed to seek input on important issue that impacts our tribe and employees. He has made himself unavailable and has failed to produce or submit any resolutions that will improve or benefit the C-3 district.

He has supported this current administration’s practice of the hiring of Non-Indians and non-tribal members for management positions within the tribe. He has not provided any legislation or plans that would provide jobs for his C-3 constituents.

This is not of a vindictive or personal decision towards Mr. Cheever’s Heap of Birds but an indictment of his lack of knowledge in during his job as the legislator of the C-3 district.

I will begin taking signatures for the recall of C-3 Legislator Mr. Cheever’s Heap of Birds 20 days after the posting of this notice.

Charles E. Fletcher

Arapaho Artist is part of Philbrook’s 75th anniversary exhibition

By Montoya Whiteman, Freelance Photojournalist
Cheyenne and Arapaho Tribal Tribune

Alfred Whiteman Jr.’s paintings captured Native American culture and religion in art. It would take weeks for his art pieces to be produced from beginning to end. He surpassed any genre he studied that included wood, leather, metal, stone, paper, and ink, but he was a master with tempera paint.

Trained as a graphic artist, Alfred touched many through his art that was sold to private collectors, corporations, and museums both nationally and internationally.

One of Whiteman’s paintings called, “Ceremonial with the Supreme” won the Grand Award in 1974 and is now in the Heard Museum Collection. It is currently on loan through Jan. 11, 2015 in the Philbrook Museum of Art’s 75th Anniversary, the exhibition titled, “Impact: The Philbrook Indian Annual.”

The exhibition explores the Philbrook’s history and its impact on American Indian art where established

and emerging American Indian artists from across the United States entered the juried competition. The Philbrook estimates hundreds of artists showed their paintings at the annual for more than three decades, which ended in 1979.

The Philbrook Indian Annual was the art show in its day. Dick West, Allan House, Pablita Velarde, and others were among the many influential artists who participated in the Philbrook. It highlighted the valuable and variable styles of Native art, history, and culture. Some say it helped shape the future of twentieth century Native American art that still educates twenty-first century artists.

The Philbrook Museum of Art is located at 2727 S. Rockford Road in Tulsa, Okla.

Allergy and asthma specialists expand operations to serve Western Oklahoma

(Yukon, Oklahoma) The Oklahoma Institute of Allergy & Asthma has expanded its operation to better serve the western part of Oklahoma. The Institute has opened a new location at 728 South Mustang Road in the West Point Shoppes in Yukon, Oklahoma.

“We listened to our patients and recognized the need and demand for certified allergy and asthma specialists in this area,” said Dr. Amy Darter, Medical Director of The Oklahoma Institute of Allergy & Asthma. “Many of our patients drive from the western part of Oklahoma seeking treatment and when you’re suffering from allergies and asthmatic symptoms, every mile counts.”

The clinic is open from 8 a.m. – 6 p.m. Monday through Thursday.

“We have been helping patients from all

over the state,” said Dr. Tim Trojan. “We see dozens of patients daily in our north Oklahoma City office, and I also travel to Stillwater to care for patients there. With people’s chaotic schedules these days, convenience is a vital factor in providing care. This new location in Yukon will allow our patients to get the treatment they need a little closer to home.”

The certified specialists at The Oklahoma Institute of Allergy & Asthma offer a wide variety of services including treatment for allergic rhinitis, asthma, migraines and immunoglobulin deficiency.

For more about treatment options and our team of Certified Allergy & Asthma specialists visit www.okallergy.com.

DIABETES

Want to stick to your New Year’s resolutions, and help your kids to stick to theirs? You’re the greatest role model for your child, so make 2015 the year to not only make healthy choices, but also model a healthy lifestyle and eating habits for your family.

Dedicate yourself to a healthy life-style in 2015 with healthy behaviors and small changes, they really will add up over time.

Serve regular, balanced meals and snacks with a variety of nutrient-rich foods.

Fuel up the family for the day with a nutritious breakfast.

Focus on health, not weight. Don’t talk about your weight or put yourself

down in front of your kids. You don’t want them to think a healthy lifestyle is only about how much they weigh.

Enjoy family dinner together each night or as often as possible.

At each meal, fill half your plate with fruits and vegetables.

Make at least half of the grains you eat whole grains.

Get active. Fit in physical activity where you can in your day, whether taking a family walk after dinner or hitting the gym. Remember, children and teens should get 60 or more minutes of physical activity per day, and adults should get two and a half hours per week.

Make simple food safety, like washing hands, part of every eating occasion.

Stay positive and try not to complain about how much you dislike exercising or eating healthy foods; your child is listening to everything you say, even if you think they’re ignoring you.

Seek help from a qualified health professional. A registered dietitian nutritionist is your best source of reliable and up-to-date food and nutrition information.

Remember, small steps can turn into greater strides towards a healthier lifestyle.

For more information on how families can shop smart, cook healthy and eat right all year, visit the Diabetes Wellness Program or contact Kerri Felmlee, at (405 422-7685).

Tribal Transportation Program offers information assistance to tribal members

The goal of the Tribal Transportation Program is to provide as much information to tribal members that may be dealing with a DUI or DWI and may not know the first step in the process to regain their driver’s license.

Currently, the tribes do not have a program that will provide any assistance to tribal members regarding the \$160 or \$175 ADSAC assessment fee, however, the Transportation Safety Program is currently developing guidelines and policies to initiate a Safe Drivers Program that will be provide assistance to tribal members with a portion of the ADSAC assessment fees and DUI course fees.

To become involved in developing the policies and/or guidelines for the Safe Drivers Program, please contact the Tribal Transportation Program at (405) 422-7432.

Since it is a lengthy process to regain a driver’s license once a DUI has been incurred, the Tribal Transportation Program (Transportation Safety Program) plans to follow up monthly with the next step in the process (which will be DUI classes).

Should you need more information regarding the process, please contact Esther Tahdooahnippah, Safety Coordinator, (405) 422-7529 or (405) 422-7596.

When did you first begin playing?

My fifth grade year.

What is it about the sport that you love the best?

It is a team sport, everybody has to do their job it is just not about one person. There is just something about it, like the brotherhood that you can form with your team mates.

What has been your biggest accomplishment in the sport so far?

Winning State this year.

What is your GPA (if known)?

3.4.

What is your biggest accomplishment in the classroom so far?

What actions are you taking to reach these goals?

Keep my grades up, graduate from high school, go to college keep my head on start and not do anything stupid.

What has been the most exciting game you have played in?

During the semi finals this year when we played against Wynnewood this year. The clock was winding down, we were on defense and they were driving on us and about to score, but we made a few key stops which helped us t win the game.

My mom, she is always telling me to stay true to myself.

What work out routine do

THOMAS TERRIERS TAKE CLASS A FOOTBALL CHAMPIONSHIP

By Reggie Island

Thomas Terriers entered the game ranked #1 in the state and after a 28-0 win over #3 Cashion Wildcats, they finished the season 15-0 and a Gold Ball to add to their trophy case. The win marks the 10th State Championship for the Terriers.

Thomas defense started off strong early and continued that strong defense throughout the game. Cashion came into the game averaging 40 points a game and the Terriers held them scoreless. Thomas defense only gave up 143 yards to the high-powered Wildcat offense.

On the offensive side of the ball, Thomas scored 4 times through the air. Trent Dunaway threw three touchdown

passes to Chezden Nease of 6, 14 and 70 yards respectively. Dunaway also hit Cheyenne, Arapaho tribal member Noah Reyes for a touchdown from 10 yards on 4th down. The Terrier offense finished with 182 yards rushing and another 154 yards passing. Reyes finished the game with two catches for 18 yards and the touch-

down.

We would like to recognize the following tribal members who were a part of the team. Noah Reyes, Chris Tallbear, Lavern Littlecalf, Braden Kester, Isiah Botone and Eric Martinez.

The night also included the Department of Education and R.E.Sp.E.C.T. staff pro-

viding over 110 game admission tickets, transportation and a free meal for tribal members.

There were 44 tribal members who made the trek to Enid to cheer on the Terriers.

The Cheyenne & Arapaho tribes congratulate the Thomas Terriers on their state championship.
